How do I know if I'm ready?

Our Story

You've been assigned to a team at AAVAIL, on your very first data science engagement. You're nervous, of course, and asking yourself, "*Am I ready for this?*"

In real life, determining if you are ready for a challenge is not always easy. But to ensure you get the maximum benefit of this Coursera experience, we are providing a readiness quiz that was specifically designed to determine if you are prepared to take this specialization.

Failing the readiness quiz will <u>not</u> prevent you from taking this specialization. However, you are strongly encouraged to build your skill set in whatever areas you are deficient to ensure success throughout this specialization.
